8. All faculty travel shall be suspended for AY22-23. *This provision does not apply to University assigned travel performed within the scope of employment.

Signing Statement

Together, in consideration of New Jersey City University’s extraordinary financial challenges brought on in part by low enrollment and then exacerbated by the COVID-19 pandemic, the University and the Union have reached an agreement that immediately addresses its financial exigency, which necessitated a FY22-23 90-day interim budget.

We made a joint commitment to fairness, equity, and burden sharing, which was preceded by the University’s willingness to make deep administrative salary cuts and to take other personnel cost savings measures. Thus, we have negotiated in good faith to preserve the integrity of collective negotiated agreements and to build on a culture of collaboration that will be a model across the State of New Jersey that always puts our students first.

In witness hereof, the University, AFT Local 1839 and the Council have acknowledged their understanding of this Memorandum of Agreement and affix their signatures below.
